This brochure provides a brief description of the available coverage. Please refer to the Windshield Protection Service Agreement for full details on benefits, limitations and exclusions.

Product availability varies by state and may involve third-party obligor entities.

In some states, your primary physical damage insurance may provide similar or better coverage for your vehicle's window glass with a reduced or no deductible. Before purchasing this product, you may wish to review your primary insurance to determine if this program duplicates other benefits already available to you.

Windshield Protection

Keep a clear view of the road ahead.

ASSURANT®

Assurant.com

Windshield protection that helps you see further.

You can't avoid what you can't see, so it's easy to understand why windshield safety is important for safe driving. Your ability to see the road, traffic and pedestrians is critical to keeping you, your passengers and your vehicle safe.

Why windshield protection?

It happens. You parked under a tree, near a construction site or close to a major roadway and, somehow, your windshield got cracked from propelled debris. If that crack starts to spread, pretty soon you'll have a bigger problem.

Remember that you're covered.

On average, it can cost up to \$300* to repair or replace a windshield. Assurant's Windshield Protection spares you the headache and expense of looking for a reputable repair or replacement solution — which is a big relief for your budget, your blood pressure and your peace of mind.

What do you get with Windshield Protection?

- › Repair of chips or cracks (up to 6 inches)
- › No deductible
- › Coverage throughout the United States and Canada
- › We will replace your windshield with one of like kind and quality of the original glass — if it can't be completely repaired by the existing repair methods.**
- › If an emergency repair is required, you'll have the option to handle the repair yourself.†
- › Coverage of the replaced windshield for the life of the plan
- › Transferability†† to a new owner, enhancing your vehicle's resale value
- › Option to cancel

What's not covered?

Damage caused by a weather event such as windstorm or hail, driver error, vandalism, theft, collision, or any damage that existed prior to the purchase of the plan is not covered. See your Terms and Conditions for a detailed list of exclusions.

About Assurant:
